Incubation Unit of CSIR-CEERI under the aegis of NRDC

**CSIR-Central Electronics Engineering
Research Institute (CSIR – CEERI),**
(A constituent laboratory of Council of Scientific &
Industrial Research (CSIR), New Delhi)
Department of Scientific & Industrial Research (DSIR)
Ministry of Science and Technology, Govt. of India
Pilani-333031 (Raj), India

**National Research Development Corporation
(NRDC)**

(An Enterprise of Department of Scientific & Industrial
Research)
Ministry of Science & Technology, Govt. of India
20–22, Zamroodpur Community Centre
Kailash Colony Extension, New Delhi – 110048

Expression of Interest (EoI) is invited from the budding entrepreneurs to apply to CSIR-CEERI's Incubation-cum-Innovation Hub at Jaipur for **incubation (physical and virtual)**. We aim to focus on incubation support to innovative startups. We are open to exploring ideas in all fields of science & technology and will be happy to evaluate your business plan.

You can send e-**APPLICATION** to **cmdnrdc@nrdc.in** & **iijaipur@ceeri.res.in** in the prescribed form at attached with this advertisement (mention “**Application for Registration of Startups at CSIR-CEERI's Incubation-cum-Innovation Hub**” in the subject line)

You can also attach your pitch deck along with application and it should crisply cover the following aspects:

1. Problem you are solving.
2. Your value proposition –how do you solve customer's problem?
3. What is the innovation that you are bringing to the society?
4. What enables you –the technology or business model innovation that differentiates you?
5. Your revenue model –how will you make money, pricing, etc.?
6. Sales and Marketing Strategy –how do you plan to spread the word around about your solution, how would you sell it?
7. Management Team –Who are the main team members and advisors?
8. Financial projections –What are your cash flow projections –expenses and revenues?
9. How much money do you need to raise as investment? When would you start breaking even operationally?

SELECTION CRITERIA OF INCUBATES:

- Technology that one is willing to adapt,
- The availability of a prototype for the project (either self or other sources)
- Assessment of the technology,
- Market potential of the product,
- Qualification and track record of the entrepreneurs,
- Analysis of business prospects of the products, services,
- Business plan along with the milestone of the company,
- Financial strength of the company,

- The project should be based on innovation and in the field of technology.
 - The project should be feasible.
 - The entrepreneur should have prepared a financial plan and has good knowledge of the market and the competition.
 - Team members should have harmony and administrative experience.
 - The entrepreneur should clearly state and demonstrate the reasons for the success of his/her project.
- (Note:** A committee constituted by CSIR-CEERI & NRDC will evaluate all the received proposals and select suitable applications based on the above mentioned parameters)

ENTRY GUIDELINES

1. Applicants would be required to incorporate a "Private Limited Company with share capital" within six months of incubation.
2. The proposed idea for incubation must be technology based and innovative; if a similar product/technology already exists in the market, a value addition must be proposed.
3. Before signing the agreement with this incubation unit, companies/persons registering will have to submit following documents:
 - Soft copy of the passport size photo of all promoters
 - PAN Card
 - ID Proof of Promoters (PAN CARD/DL/Passport)
 - Two References (Clients/Academics/Any Other)
 - Company Incorporation Certificate (to be submitted within 1 month of registering at this incubation unit)
 - Executive summary of idea
 - Permanent address proof
4. All incubates would be required to deposit 2 months rental as security deposit before joining to this incubation unit (refundable upon exit).
5. Maximum available space will be given for incubated companies (CSIR-CEERI & NRDC may consider providing extra space on case to case basis)

EXIT GUIDELINES

The registered company would be allowed to exit from Incubator based on one or the following:

1. At this incubation unit, by default, incubates will be allowed for an incubation period up to two years. This can be extended for additional six months on approval from advisory committee.
2. After the incubation period of two and half years, if the incubate wishes, he/she can continue at this incubation unit maximum for six more months by paying non-subsidized running costs –this being subject to approval from advisory committee. After this period (a total of 3 years), the incubate will be obliged to exit the incubation unit.
3. Underperformance by the incubated company with respect to the pre-determined milestones will be decided by incubation unit management and advisory committee based on periodic review. This may lead to exit from the incubation unit at any time during the incubation period.
4. Failure to perform: If any incubate does not commence activities within assigned time (3 months after selection), he/she may be asked to exit from the incubation unit.
5. Incubates engaged in the activities different from the theme of the incubation unit will be asked to exit from the incubation unit.
6. If incubates are found indulge in any illegal activities, a strict action according to the law and order will be taken against them and they will be asked to exit from the incubation unit with immediate effect.
