

CSIR-CENTRAL ELECTRONICS ENGINEERING RESEARCH INSTITUTE, PILANI

Additional List of Consumables planned to be procured in next 5 years

21st July, 2022

Sr. No.	Name
1.	NMR Grade solvents
2.	NMR Grade buffers
3.	Scientific Grade Chemicals
4.	Masks
5.	Goggles
6.	Electronic Development Boards
7.	ICs, Embedded Boards
8.	Light Source, detectors, op-amps, buffers, drives, processors, controllers
9.	Probes, cables. Clips
10.	Sensors: Temperature probes, pressure probes, RH Sensors, DP
11.	Solder paste, component tray, component magazines, component feeders
12.	Tungsten, PZT, AlN Target, Via-punch tools, Dicing tool, LTCC tapes of different thickness, Ferro Tapes, LTCC pre& post-fired conductor pastes, Via-fill pastes, Pastes compatible with Ferro Tapes, Thick-film paste (Ag, Pd/Ag, Au, Au/Pt, Pt, PZT, dielectric etc), Ag Paste, Resistor paste series, Rechargeable Batteries, Alumina substrates, SS substrates, Pastes compatible with SS substrates, Aluminum substrates, Dielectric tapes, glass pastes/powder, High resolution masks, Squeegee, Screen mesh, Screen frames, Screen preparation materials, COTS sensors, Emulsions, UV lamps, Solder pastes, Epoxies, Potting compound, Adhesives, Metal sheet/foils, O-rings, Au/Ag/Pt bond wires, leads, thermocouples, spares/accessories of existing equipments vacuum bags etc.
