Symposium on Microwave, Millimeter-wave & beyond Technologies for Connected Future October 13-15, 2025

'Symposium on Micro-wave, mm-wave & beyond Technologies for Connected Future (μ mTCF-2025)' will serve as a platform for exchanging knowledge, sharing breakthroughs, forecasting, and discussing the future of microwave, millimeter-wave, and beyond technologies. It will enable participants and young minds to better understand cutting-edge and latest developments in these fields. The outcome of the event will encourage the development of disruptive and innovative solutions that will contribute to future scientific and industrial research to innovate novel solutions for a wide range of sectors ranging from wireless infrastructure, 5G/6G networks, RADAR systems, automotive electronics, etc.

Topic Highlights

- Microwave, mm-Wave & THz Systems and Applications
- Advanced Beamforming Techniques
- Integrated Antennas & Antenna-on-Chip
- Transceiver and MMICs
- THz Systems for Future Sensing & Imaging

Agenda Highlights

- Keynote Address by Experts
- Plenary & Technical Sessions
- Panel Discussions
- Networking Opportunities & Real Time Demonstrations

Who Should Attend?

- Graduate & PhD Students in Electronics
- RF/Microwave Engineers
- Researchers & Faculty Members
- Professionals in Wireless, Radar & Sensing Areas

Registration Fees (Incl. 18% GST) -

For Students and Researchers : 2360 /- . INR
For Faculty Members and Scientists: 5900/- . INR
For Industry Persons : 9440/- . INR

*Registration fees includes registration kit, luncheons and refreshments for all three days

* Registration fee or the sponsorship amounts may be paid through NEFT/RTGS/UPI in favour of Director, CSIR-CEERI.
