Confirm password

Register

Fill all details given and click on Register. Wait for few seconds, you are registering.

Don't forget your password. Do not click on anywhere or any other button. Page do nothing but it will register you on our portal. But your **account is still not active**. You are not able to login. If you will trying to register again using your username and password it will show link following problem.

-
- User name 'pathakjt.ceeri@csir.res.in' is already taken.
 - Email 'pathakjt.ceeri@csir.res.in' is already taken.

STEP 2

[Then send your email and name to **pathakjt.ceeri@csir.res.in** (between Monday to Friday, from 9:30 AM to 5:50 PM)

Technical person will activate the your account and reply back to that email.

STEP-3

After Activation of your account you can login using your email id and Password.

Now you can apply for the posts given in advertisement.

END

IMPORTANT NOTE

One thing to remember that don't forget your password. You have to remember your password (Note down in phone or somewhere else). If you forget your password then **you can not reset password using forgot password**. You can reset it after login into your account. Only admin can reset it. For this email your password request from that **email to mail id given in step 2**.
